INTRODUCTION

The spring is near. We hope you enjoy our sharing what we are doing... training students for the future in their quest to achieve a world class status of a CA Professional.

Founder's Message

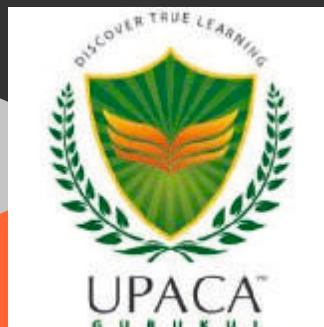

We are at the doorstep of another ending of an incredible academic session here at Gurukul. The journey was adventurous to see things move proficiently. I extend my gratitude to the Management, Board Members and Parents for their kind presence and true blessings. With the presence of guests, a good blend of theory and practical assembly was experienced by students. One of the guests drew the difference between aptitude and attitude and how does it make a difference in one's life. The other side of the fence saw the comparison between micro and macro economics twisting turns in the global market. I thank everyone for the trust and we will pursue our goals with the same zeal and dedication that we have exhibited over the months.

Principal's Message

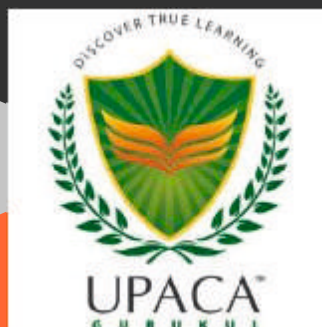

I wish my B.Com students 'Best of Luck' in their examination and I am confident that they will outshine with flying colors. As difficult as it can sometimes feel, I've always believed that challenges can be a good motivator. Through day wise instruction, our students recognize the expectation... Do the right thing, even when no one is watching! Grounded on strong environment, the experience serves to form long-lasting memories with our students. I appreciate the contribution of our entire members who stands beside as a pillar of support to make the vision concrete. The Gurukul is a paradise of teaching - learning, cementing the dream vision of our Founder to craft a CA cocoon in the country.

The Master

Our Founder CA Sir Uttam Prakash Agarwal orients the Gurukul students about life and living. The Master encourages the students explore their own potential. He makes them realize that commitment towards the self and parent is the only revenue to attain achievement.

Guest Visits-1

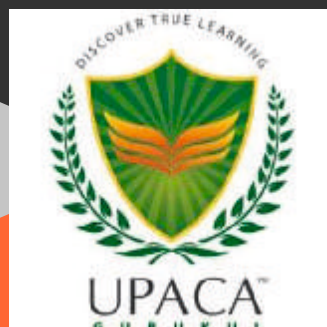

It was a pleasure and an honour to welcome CA Naveen Shah (President and CEO of Navika Group of Companies) to Gurukul, who joins with the esteemed members of our Board. His skills and experience is an asset and we cherish in the course of organizing interactive sessions with students. Intensive conversation on Micro and Macro was discussed, integrating the focus with the International and National shape of Economy.

Guest Visits-2

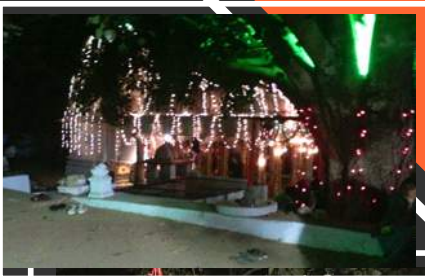

Creating a positive first impression ensures what guests experience when visiting Gurukul and encourages them to retain the goodwill of the host members.

It's helpful so that challenges can be addressed. Recommendations and support makes a tremendous impact on the future empowering to help members learn, grow, and achieve. Likewise, it was an opportunity to welcome Mr. Balvir Singh a retired air force officer with his family, sharing the intensive life experiences and drawing the line between the two words - aptitude and attitude. It is to ascertain how learning can make these interactions positive and deduce the skills from real life situations.

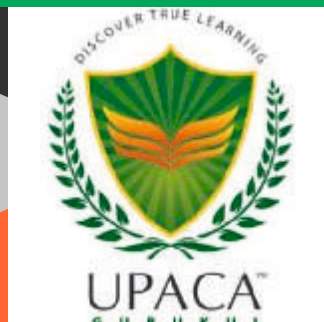

Shivaratri

Opportunities do not stop anywhere. Arrangements were made to visit Amarnath Mahadev temple, as our students observed fast during Shivaratri. Educating the deep rooted values and culture, Gurukul imbibe students to be in touch with the fundamental aspect of life. The clips of the moment -
