CA Uttam Prakash Agarwal

Greetings and Welcome
to UPACA Gurukul. We are
witnessing an intersection
of great challenges and occasions.
The Gurukul is poised to make a genuine
difference in CA Profession. The tradition

The Gurukul is poised to make a genuine difference in CA Profession. The tradition of innovation that has marked is as vibrant as ever. We are diverse in our outlook and approach, beholding not to any ideology but to 'Discover the True Learning'.

As we nurture the young minds, I hope to inspire my students to make positive impact and become the Managers of transformation. The performance of the IPC November batch was commendable and now the current CPT is undergoing through incredible assessments to scale the next hierarchy confidently.

It is my desire that the kind support, guidance and the trust will

help to the process of making the Gurukul become a reality. I look forward to hearing and sharing our triumph along the way.

FOUNDER'S MESSAGE

Each day when I walk the aisle of Gurukul, the mind harmonizes with a perceptive. Inculcating innovation and confidence to value individualism within students is the spotlight. We are giving our UPACIANS the best possible comfort and opportunity in order to bestow them with holistic development. The aim is to nurture into self motivated individuals. There are challenges ahead us, however will surely make a great difference. I am certain with the support of Management, Staff, Parents and Students the Gurukul will reach greater heights in the years to come.

PRINCIPAL'S MESSAGE

Welcome to our latest newsletter, all of which we hope have helped to keep you updated on our latest news.

The auspiciousness of the last month left grace and hope to enrich the long months gone past with a light of the future. The festival Diwali was celebrated with much zeal and fervour. The Gurukul was bedecked with lights and lamps were sited all round. Offer of prayers and Mangal Aarti was followed to invoke blessings of Lord Ganesha and

Lakshmi.

INTRODUCTION

The month of November witnessed an array of activities. Here is a glimpse of the plethora of activities conducted in Gurukul in November 2016.

The Gurukul cares for their students. It's easy to forget just how important it is to show our students we care about them. Can we teach someone to care? The behaviors that convey caring in the classroom, give them full undivided attention when they speak, acknowledge and appreciate their effort through one to one counseling.

THE BYGONES Recently the IPC November 2016 cluster were acknowledged with wishes and good luck as they left the campus power packed with preparation and performance to conquer the threshold.

We hope all had a great holiday and now the season is behind us and we welcome the Students to campus for the next semester.

AUTUMN SEMESTER The Gurukul is committed to assist and provide a safe environment and keep students, parents and employees well informed about campus security.

You must be the change you wish to see in the world (Mahatma Gandhi). Definitely the morning is the echo of the day bringing freshness and inspiration what better than the Morning Assembly.

Education, as we know, is not merely acquiring knowledge. It is an all round development of a child.

Gurukul provides an environment conducive to learning and opportunities a plenty, which helps to prosper physically, mentally, creatively and intellectually.

We give equal emphasis on curricular and co-curricular activities for the holistic and integrated development of the students.

GROOMING

With the advent of continuous and comprehensive evaluation the fostering of skills has become an integral part of the teaching-learning process in Gurukul. Academic excellence is important but it should be accompanied with the development of the students' performance as well. Hence, apart from the class room teaching, individual attention for subject specific is provided to enhance the inherent intellectual capacities of students.

The Gurukul monitors the overall performance of students by conducting mock and periodical tests by the respective mentors

CONTINUOUS EVALUATION

of the departments and give home assignments. We supplement the lecture method of teaching with audio visual aids and computers, guest lectures, individual and power point presentation along with continuous evaluation.

A Proverb says that we have twelve seasons but thirteen occasions to celebrate.

The Gurukul attended the glorious ceremony of their daughter Jyoti's wedding showering her with blessings and experiencing the joy and the pride she has accomplished.

The day was celebrated with joy and bowl full of surprises. The unique factor of the moment was the food served from the cosy aura panorama and every student relished the delicacy menu.

CHILDREN'S DAY

Among the electives, dance programmes in Gurukul, was a transformative experience for talented students looking to immerse themselves in the art during the evening.

Meetings are opportunities to move the organization forward. Weekly Conference of all staff is conducted to ensure the review of the goals, the anticipated outcomes, and the agenda.

Poems are an expression to draw an insight, of what life is all about. The beginning and end of the morning and evening illuminates a spark of hope in Gurukul. A poem recalls ... sun rose and sun set, the world is clothed and unclothed, the glory is on. To cherish the Sunset in Gurukul is gratifying.

Giving a boost to Organic Farming, Gurukul is maximizing the yield by growing various combinations of organic fruit trees, crops, pulses and vegetables.

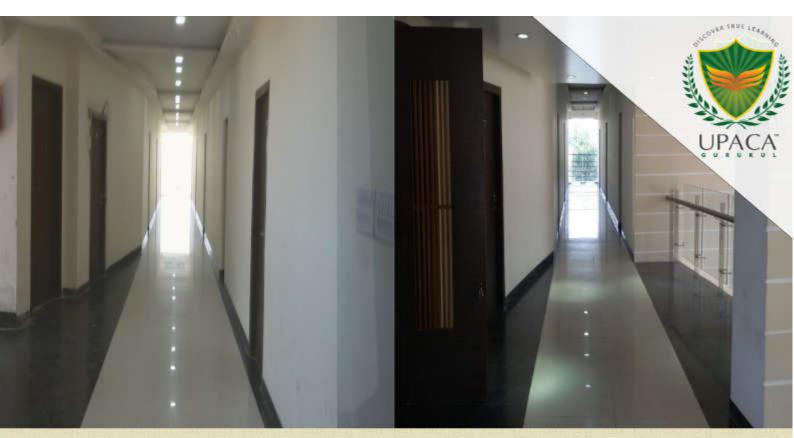

THE RICH FARMING

Food has the incredible power to unite and bring togetherness. With chefs pervading, it's no wonder our eating habits and tastes are far more sophisticated than they've ever been. Each day brings magnetic rich variety of different dishes.

The Hostel is air—conditioned and the rooms are fully furnished. Three students share each room. There are separate arrangements for both boys and girls. The maintenance personnel keep the student's room clean on daily basis and make all their living strictly following the rules and regulations.

We believe that learning outside the classroom is just as important as learning within the classroom situation, and it is possible to greatly enhance our students' academic performance with additional extension activities. As students progress upwards, these will be increasingly linked to their specific areas of expertise and developmental needs.

Soon we navigate the spectrum towards Educational Visits specifically designed as academic extension activities, to link with a specific subjective requirement for the students to integrate and innovate knowledge both applied.
